STANSTEAD COLLEGE

450 DUFFERIN STREET
STANSTEAD, QUEBEC
JOB 3E0

A MESSAGE from the **HEADMASTER**

The 1999-2000 school year has been exceptional, as our students have performed very well in all areas of school life. In a world where change is a constant, I have been fortunate to be given the challenge to provide new leadership for a school with a long and interesting history. This has meant introducing some different perspectives on education while respecting the core values that continue to make Stanstead College a very special school.

Now that my first year as Headmaster at Stanstead is complete, I feel that I can say with some authority that there is much we have to celebrate here. As a small school, the relationships between faculty, students and support staff are very close. Consequently, students express a strong sense of belonging to something worthwhile and meaningful. Instead of being lost in the shuffle, pride is evident in everything that our students do. Whether it is in the classroom, on a field trip, at a performance or athletic match, Stanstead College students openly care about giving their best. This has been particularly evident in the exemplary leadership that our student prefects have provided to the whole school community. Focused, motivated, and involved have been the hallmarks of their leadership – and the younger students have followed their example. My thanks to the prefects for setting a very positive tone in the daily lives of our students.

Our faculty has also been impressive this year. As the engine behind our many programs, Stanstead College teachers show a commitment to education that begins in the classroom and spills into every aspect of life in this seven-day-a-week boarding school. Not only do they share their knowledge in their specific area of academic expertise, they also act as coaches, advisors, caregivers and role models to our students. It is important for us all to remind our teachers how much they are truly appreciated.

Of course, I am not the only one who has experienced transition this year; we have all had to deal with the uncertainty of our collective start to the first year of a new millennium. Although the early days of Y2K seemed to be the product of a lot of hype, we should not forget that the world does continue to change rapidly around us. The incredible capacity of the Internet and evolving applications of information technology are presenting fundamental challenges to the way we all interact. Witness this at Stanstead by the advent of faculty laptops, an improvement to the school network, new computer facilities and an exceptional student-run website. In short, as an educational institution we must accept change. However, we must continue to strive to teach and live by timeless core values – respect, tolerance, a love of learning, and a commitment to community. These are the principles, which were the building blocks of our founding fathers and will surely continue to drive our success as a school for generations to come.

IN MEMORIAM

H. GARRY JONES

Garry Jones was known to me as an advisee, a student, member of the Board of Trustees of Stanstead College and as a friend. There are vivid memories of his time at Stanstead as a student, of the many French classes where he was consistent and hard-working. Many discussions filled the evenings when I was on residence duty. The subjects were varied, ranging from the serious to the laughable. I can still hear him say, « Oh sir! Really? » with the wry smile one could only call Garry's, flitting across his face expressing genuine amusement or irony. All depended on the subject. After his time at Stanstead, he stayed close. He often came to alumni gatherings. My wife and I never knew when he might suddenly appear on a Saturday or Sunday afternoon. « Oh, Mom and I were just driving through and thought we would drop by. » Suddenly, he was in law school at the Université de Sherbrooke, and the ties to Stanstead continued. Before long he was a part of the Board of Trustees, and we saw him in a more formal way, but he remained the Garry we knew. We have all lost a loyal, faithful and dedicated friend who portrayed exceptional commitment to all endeavours.

The 1999 football season turned out to be highly rewarding, while at the same time, extremely frustrating. Starting the season with only a handful of 'veterans' returning from the 1998 roster, this year's edition of the Spartans was comprised mainly of first year players. However, by season's end, some two months later, the team had molded into a cohesive unit and had compiled an impressive 6 and 0 record.

This fall, for the first time in recent memory, Alexander Galt failed to field a team. This left just Stanstead and our perennial Lennoxville rivals, B.C.S. Reduced to two teams, the league was suspended for the season, leaving the Spartans with only a schedule of exhibition games.

The Spartans dominated in the three games played with B.C.S. Convincingly winning each of the encounters in shutout fashion. In a post game ceremony, following our final victory over B.C.S., the team was presented with the Senator C.B. Howard Cup for the fourth consecutive year.

In mid-October we journeyed to Hamilton for our first ever encounter with Hillfield-Strathallan College. The two teams were very evenly matched in an extremely hard fought struggle. The Spartans prevailed, however, when in the dying moments of the fourth quarter, Alex Anderson scored what proved to be the winning touchdown in a 13-6 victory, and clearly the highlight of our season.

Rounding out our abbreviated schedule was a victory over Seminaire de Sherbrooke and, in what has become a much-anticipated annual fixture, the Red and White recorded a solid win over a talented team from Appleby College.

The team's success was attributed to three things. The speed and power of our tandem running backs, Jean-Nic Verreault and Alex Anderson, a proud and determined defense which yielded a total of three touchdowns in six games, and the outstanding leadership provided by our team captains, Jean-Nicolas Verreault and Mathieu Tremblay-Noel.

The twenty-seven athletes comprising this year's team are to be commended for their work ethic, sportsmanship and irrepressible spirit.

The 1999 Stanstead College Soccer Spartans completed an unusual but successful season. Despite not having a league in which to play, the team forged on and improved substantially throughout the season. The Spartans compiled a 5 wins, 9 loss, 4 ties record which at first glance seems like a dismal season. However, 7 of these losses were by one goal decisions. With the exception of a couple of games, Stanstead played an exciting, team oriented style which strongly emphasized skillful passing and attacking. Particularly pleasing were fantastic efforts and wins against Royal St. George's College of Toronto (who were eventual CAIS Tournament finalists), King's Edgehill of Nova Scotia, LCC of Montreal and Galt. The Spartans always raised their performance against more experienced and favored opposition. Specific mention must be made to Senior "S" winners Gustl Eder, Luis Melendez and Javier Merino for exhibiting those characteristics that every team-oriented organization must have. Dedication, versatility, positive attitudes and strong work ethics on a constant basis were their keys to success. Congratulations to Major "S" winners Keith Nunziata, Pat Rowan, captain Darren Gray and captain Taweesak (P.I.) Warawong, winner of the Bobby Moore M.V.P. Trophy, for consistently high performances in practices and games. Their leadership contributions and abilities to impact games were demonstrated daily. Finally, a big thanks to all team members for a most enjoyable and fun season! "Freedom!"

The Stanstead Senior Girls' soccer team had a different mission than in years past. Win or lose, we were going to play proper soccer. Intelligent soccer. Control soccer. Instead of kick and chase, we wanted to pass and communicate. And luckily, this year's group of athletes was skilled enough and smart enough to do it. By the end of the too-short season we could see the results of our endless control drills. We beat a Seminaire Salesienne team 2-1 after losing to them 6-1 earlier in the season. And we were obviously the better squad against rival BCS in our final meeting, convincingly dominating them in a 1-0 win. Congratulations to Senior "S" winners Lesley, May and Isabelle, Major "S" winners Sam and Tamara, and Trophy winner Captain Lill. And many thanks to the entire team for being the most coachable group I've had the pleasure of working with. Every single player subscribed to the team concept, adjusted their game to fit the team, and had fun doing it. Can't wait till next year.

This was an extraordinary season without the regular ETIAC League. The Junior Boys made a good showing with a victory over BCS rivals up the road. Due to unforeseen circumstances concerning shorts, the early-season practices consisted of a great deal of running and fitness training. This paid off with an improved level of stamina and a reduction of injuries. The team really did hit its collective stride in the second half of the season, though, with strong victories against B.C.S., at home, and Centennial Academy, L.C.C. and West Island College, in Montreal. Indeed, the first of the two major highlights of the team's performance was a brilliant game against L.C.C. who were worn down by exceptional skill and determination, carried out in adverse weather conditions. The climax to the season came on the traditional ETIAC day at Lennoxville when the side put on two tremendous displays of talent and sportsmanship, preserving its composure in the 'Final' to beat the team from Knowlton convincingly. The overall results were: 8 wins, 5 losses and 1 tie. Congratulations to all the players and Mr McNamara for his co-coaching. An enjoyable and productive season!

The 1999 soccer season was a rebuilding one for the Junior Girls. We started out strong by winning against BCS 4-2 in our first home game and then we had a series of losses but the girls never gave up trying. Then came the last day of our season where as always everything came together and we played our best game of the season which ended with a heart breaking tie of 2-2 against Knowlton. Although this was a tough season, the Junior Girls this year attained two of their majors goals which were to communicate on the field and the second was to work as a unit. We want to thank the team for their dedicated efforts and for making this season a very special one. Congratulations to the four girls Sarah Elliot, Danielle Comeau, Victoria Rocke and Kara Campbell who each won a Junior S. Thank you to Miss Keeble for all her help and support. Good Luck next year. I will miss you all.

The 1999 season started in disappointing fashion for the Bantams. The break in the schedule provided through the public school's work to rule proved to be something of a blessing in disguise. Stanstead fought close games against Knowlton, Lenoxville and BCS, four times coming out the loser by the odd goal. The highlight of the season however was the second game against Centennial, where a late Shanny Breton goal leveled the scores and provided the team with their best result of the season. The play and work level of captain Alex Couet-Morin and fellow award winner, Michael Studli were an inspiration throughout the season, each being involved in many of the teams better moments. Special mention also goes to Aaron Gingras for his goals and link play as the sole striker, and to Alex Marcotte for his fine saves throughout the season. Nonetheless, the reason for the improvement of this team was their synergy, therefore all members deserve thanks and praise for an enjoyable season.

This year we were pleased to see that we were going to have enough girls for a Bantam team. Learning new skills like throw-ins or sending it long as do our strong defence of Amy, Karin, Hannah, Hope, Mitora. Jeung Won joined us later and also played defence. Caitlin and Gabrielle were versatile playing both defence and goalie. Our forwards were strong this year with returning students Chiaki, Katie, and, Sarah. Add to that the high quality new students; Bianca and Paloma and it is easy to see why we spent most of the time around the other team's goal. Not to forget the girls who do the most running; our other halfbacks Annie, Kim, and Regina. We had a good season as we developed both individually and as a team. Most importantly of course the number one rule in Bantam Girls' Soccer we had fun. Thanks to everyone.

The Cross Country Running Team had a very successful year. We dominated most categories at every opportunity thanks to Luc, Phil, Genevieve, Elizabeth, Sarah, Lauren and Cristobal. This Stanstead team is unique because it contains both genders and the age categories cover the entire spectrum from bantam to senior. Nevertheless, all 36 individuals managed to bond together to have a great season. I'm sure we all have one thing in common... every runner probably got lost at least once out on the trails. Throughout the season, we had lots of laughs in terms of mud—Sarah, Judy, Melissa, Lucille, and Meagan. The students always supported one another. As well, Cristobal got so tired from winning medals that he rested on the shelf in the bus. One cannot round to the closest minute particularly when Lauren won a gold medal by a mere 4 seconds. Congratulations to Brandon and Lauren for Junior S achievement along with Phil and Genevieve for Senior S awards. Lauren was also the recipient of the trophy. We will have many memories to look back on and many more to experience in the coming years, thanks for a great season.

The team posted an impressive 29-9-1 record against very strong Midget, Junior, Prep School, and High School teams from Quebec, Ontario and New England. Stanstead fought its way into the finals of all five tournaments in which it competed, winning three of the five. Aaron Brassard established a new standard for goaltenders with a GAA of 1.76, while Justin Quenneville established a scoring record with 45 goals and 38 assists in only 38 games. Our captains, J.D. Ross, Jared Givarz and Justin Quenneville, demonstrated outstanding leadership throughout the season. Thank you to Graham Chandler for his sage advice and valuable help in practice. This season started with what looked like a mediocre squad which would have to rely upon Taweesak Warawong as the main returning veteran. The new forwards and the returning guards and how they could handle the pace of the senior level is what would dictate our ultimate success. Our league schedule was somewhat light until the return of the work-to-rule schools in late January. Stanstead hosted the Anderson-Bailly tournaments and, as usual, put on a fine show. It was the highlight of the sports season for our own basketball teams as well as those who came to visit us that weekend. (Just ask TP, Shaq, and the coaches from St. John's!) We managed to go undefeated and won the Anderson plaque for the first time in tournament history. We were on a tear at that point of the season, winning eight games in a row. Our three forwards became unstoppable as long as we could get them the ball in the paint. Our highlight game came against Galt, when we soundly defeated them at home in one of our best performances of the year. It was probably the first time in ten years that we defeated Galt in a league game. Our low point came the next day against BCS, a team which we had beaten all year long. We ended up losing to them in what can only be described as a brutal game in all respects – poor play, no game clock, etc. By an ironic twist, they went to the ETIAC playoffs over us. We were bitter, especially since we had proved that we could play with the best teams in the league. Our victory in the Anderson did win us a spot in the Visser, where we once again met up with Galt. The game was tied at half, but they eventually pulled away. Our season came to an end but we had many positives to look back upon. At the very least, we look forward to starting next season with a group which expects to win their share of games. Taweesak, as the team captain, led the squad. This year he played to his potential and was a strong and positive leader who also won numerous tournament all-star awards. Massimo became a real player and David contributed well offensively. Jack made positive contributions. Ian did his usual good job as manager. Hopefully everyone learned a lot and enjoyed the season.

I thought this was going to be a rebuilding year, with only four returning. I was wrong, as our team turned into the most successful team ever. Even though five players were still in Grade 10 and seven were playing Senior level basketball for the first time, we accomplished the following: 3rd in the ETIAC, 4th at the Montreal Invitational, 2nd at the BCS tourney, won our own Invitational, won the LCC Tournament, and won the Silver Banner at the Anderson-Bailly Small Schools Provincials. While success is nice, it is more important that this group was truly a TEAM. They were a joy to work with. No dissention, no pettiness (except for the occasional sisterly spat). Team performance always superceded individual stats. The girls respected and supported each other. They loved to learn, they competed hard, and they knew how to have fun. Thanks to our captains, Major "S" winner Lindi Campbell and Trophy Winner Megan Lill. Their commitment to the program was a great example for the new girls coming in. The junior boys' basketball team had a fun season of growth this year. We had a difficult season against teams that were physically bigger and stronger. At the LCS tournament in Montreal, the boys started to play together as a team, anticipating passes and putting offensive plays together. By the time we went to the BCS tournament in the spring, a different team had taken the court (even though it might not have been evident on the scoreboard).

The team played each game with a great deal of heart and class. This was especially evident in a very lop-sided game against Massey-Vanier where ours was the team acting like the winners at the end of the game!

This season began just as any other season would - a few girls knowing how to play but the majority of them having never touched a basketball until now. It was going to be a challenge but we were confident that we could shape this group into good basketball players. Two things became very evident; we had a young team and we were "vertically challenged", excluding Shannon, of course. What we started out with at the beginning of the season and what had transformed by the end, was truly amazing. Confidence, self-assurance and a sense of pride could be seen in all of the players. It was a pleasure to watch the girls as the season unfolded. Highlights from the season were: Everyone on the team scoring a basket in a game against RRHS. Bianca scoring for the opposing team by doing a perfect lay-up in our basket. Melissa scoring a basket with her eyes closed. Danielle making several three-pointers. We would like to congratulate Danielle, Annie and Amy for achieving Junior "S" awards. Your hard work was greatly appreciated. Coaches Beth Wadleigh and Marina Mihaljevic

First we would like to thank the players this season for exceptional competition both as a team and as individual players. The game of squash is not easy and it was rewarding to coach these players and to watch them grow. Many of the players were new to the sport and have shown an incredibly fast improvement. In a short period of time they became strong competitors and held their own on the courts. When we travelled the boys and girls demonstrated class and good sportsmanship, not only in the way they won, but also in how they lost. We had many good times during the season and good squash playing. They certainly made the school proud and should be proud of themselves as well. Finally we would like to congratulate Jean-Nicolas Verreault and Melissa Lemieux for receiving the top squash prizes.

Basically our season consisted in playing Bishops College School, and our record against them was 4-2. The high point for us as a team came in their tournament where we opened with a win against B.C.S., and then played Royal St Georges in the second game. It was an extremely hard fought 1-1 draw for most of the game, but it slipped away from us as with 3 seconds left. Between us and the final now stood RCS Netherwood, a burly group of Maritimers. We never once backed down, though, and despite the adversity of the previous day hung on to win 3-0. This victory was particularly sweet as a coach, because it showed a lot of character to win when it would have been easier to quit. The final was against Royal St Georges. This game turned out to be another close one, but Stanstead lost in a shootout. I was extremely impressed with the character that this team showed. Every member of this team can be very proud of their performance this season in general, and at this tournament in particular.

I had a great time with the girls' hockey team this winter. There was a lot of firsts for everyone: it was my first time coaching hockey, for some of the girls, it was their first time skating or even holding a hockey stick. Let's just say that we came a long way since our first practice in December. The highlight of our season was certainly when we went to Westmount arena where we played in front of the whole school. We lost 2 to 1 to ECS but we put on a great show. What made this team so great is that out of those 17 girls, we had 5 nationalities and girls from grade 7 to grade 12. They all came together to form a girl's hockey team where they learnt, enjoyed, loved the game and still do. I hope you started a long and great tradition at Stanstead College, girls! I would like to take this opportunity to thank Mr. McNamara and Mr. Wells for their help throughout the season.

This year the swim team started with an advantage because at least 90 percent of the team had already swam before coming to our program. They were an excellent group to work with and to especially coach. Our team was determined to always better their times and improve their strokes and we were beside them every step of the way. We were also very lucky to have two very fantastic and competent swimmers Darren and Geneviève B. to be our captains and to constantly volunteer their help to the other swimmers on the team. We also got the opportunity while travelling at other schools to realise how lucky we are to have the facilities that we have even though it did get hot and scratchy in the water once in a while. Furthermore we had a fantastic season. Where we did not have much time to train between meets and less time to train for the final GMAA competition but we still competed against Club swimmers and we still made our presence felt winning 15 medals and ribbons all together. It was truly a pleasure for us to coach such a talented and determined team. Both their performances, progress and behaviour made us feel proud anywhere we traveled and that goes to show how special this team was. Eugene and Jean-Michel were our two rookie swimmers and they really added energy and spice to our practices. Their classic question that always seemed to come up was Miss do I have to wear this Speedo? I would like to thank the swim team for making this season one of the most successful we have had in the past and to wish them good luck in their future endeavours.

WINTER TERM CROSS-COUNTRY SKIING

COACH: **Ms. T. Keeble**

The ski team started out as a rather large one, with about 20 students. In the end, it consisted of four dedicated and hard-working girls: Jo-Annie, Sany, Caitlin and Amber. For a while, it looked like we may become the Winter Cross-Country Running, Weight-Training, Tae Bo, and Intramural Team. However, the snow did come after Christmas and we were able to enjoy many days of skiing. I had an interesting challenge before me this year. Two of the team members had skied before. I'll never forget the first day we decided to do the campus loop. Helping girls up and down small hills proved to be a workout in itself. That's the day we earned the name THE PENGUINS. At the start, we did a snow dance to make it snow. Richard asked us to stop dancing at this point and we had to agree. We discovered this one day when we decided to venture off behind Sunnyside beyond the bicycle path. I can still see Amber having trouble standing up, Jo-Annie bopping to her music, Sany laying in the snow on her back yelling, "Miss, I fell down!". What an adventure! That day we all learned about orientation. As long as you keep the church steeple in your sights, everything is okay. I wish that everyone could have received an award at Sports Assembly. All of the girls gave it their all every day and showed enthusiasm toward their sport. Congratulations to Caitlin for winning the Cross-Country Ski Award this year. Her dedication and level of skill were outstanding. Thank you for a great season girls. See you next year.

The 2000 Senior Rugby season was highly successful once again as the team won fifth consecutive undefeated titles in ETIAC League and Playoff Championship as well as repeat Montreal GMAA 7's Champions. The team opened the season in early April with a long ride to the Cherry Blossom Tournament in Washington, D.C. to finish with a 1-1 record where they met teams from Boston and Connecticut. Unfortunately extreme weather cut the tournament short and the team returned early to Stanstead to be greeted by a foot of snow! The season continued under more favourable conditions with a successful trip to TCS in Port Hope, Ontario for the National Independent Schools Tournament and finished with respectable 2-2 record. These two early tournaments proved to be invaluable experience gained as the team went on to be undefeated in all league and exhibition play (8-0-0) against teams from Vermont, New Hampshire, Ontario and Quebec. Major 'S' winners included captain Jean Nicolas Verreault (winner of Donald A. Ross Trophy), Darren Gray, Mathieu Tremblay-Noel and Alex Anderson. The Senior 'S' was awarded to Brian Chen and YJ Oh. Thanks are extended to all the players for their efforts in a superb season!

Spring 2000 was a successful season for the senior girls' rugby team. I did not expect the team to become ETIAC champions again this year but they pull through and did it. This year was a building year, out of the 25 players, only 8 had played before. They learnt a great deal about what it takes to become good rugby players and play together. Our season did not start very well in the NIS tournament but once we got the first victory against TCS, there was nothing and nobody to stop us, not even the New England champions. The GMAA 7's tournament will also be one to remember even though we lost in the finals in overtime. Our championships finals was a very stressful one but thanks to everybody's hard work, determination and Tamara's 3 tries, we won in second overtime 15-10 against Massier-Varier. I am looking forward to work with most of you next season, it will not come fast enough. One thing is for sure, we had our share of overtime this year and hopefully will have none next season. Congratulations to Tamara Jacobi, the Roger Marino trophy winner and to the other Major S winners: Geneviève Laquerre, Geneviève Bettez, Sofia Iglesias, Isabelle Chavane and Tamara and senior S winners: Danielle Comeau, Sarah Elliot, Victoria Rocke and Sam Granoski.

We wish to thank the tennis teams for a fantastic season. Although it was short because of the rainy month of May, we did manage to play in a number of tournaments this year, including the Selwyn House Invitational where our top 4 represented their school and teams exceptionally well. We participated in ETIAC; played and defeated schools such as Galt and MVR, giving the teams the 2nd place win. The players were competitive and held their own on the courts. They exhibited class and sportsmanship. Miss Campbell and Mr. Williams are very proud of our players overall and wish them all the best in the coming year. Special congratulations go to Javier Merino for winning the boys shield and to Lucille Villasenor for winning the girls shield. Adam "Pee Wee" Parker and Gusti Eder your leadership, sportsmanship and hard work are greatly appreciated! See you next season!

At the junior level, it was a short tough season in which victory eluded the team through each game. We faced several teams, some of which were strong in terms of skill, and others which were simply strong physically. Much of the team is made up of bantam age players and they showed a lot of courage, playing usually much bigger teams. In our bantam games we fared better in terms of wins and losses, as we posted a record of 2 and 1 through three games. I am certain that had the season been just a little bit longer, the junior team would have begun to have had similar success. Nevertheless, many players showed great character and desire and I want to thank each of them for their commitment to the team and their refusal to quit even though at times it would have been easier to do so. Thanks for the great season.

The second year of the golf program began with fourteen keen students who were trying out for eight spots. Despite the wet spring, we managed to do our tryouts in North Halley and made our team. We had two returning players - Taweesak and Ricardo - and six new golfers. Our season involved daily play at Dufferin Height CC and lots of ham'n'cheese bag lunches. We played in four tournaments, with the best individual performance being Taweesak's Low Gross at MVR, and the best team performances a win at Richmond and a tie for first at our own invitational. There was an ETIAC League this year, with each of the four tournament results counting towards the championship banner. We placed second to MVR and the ETIAC. The internal team champion is decided by a four day 36-hole tournament. This year there were two close fights: between Justin and Taweesak for the first place; and Ricardo, Tom and PT for third. Taweesak ended up taking the plaque as team champion with Justin in second and Ricardo in third. Thanks to all the boys for the enjoyable season - we played every day whether raining or sunny and they all were serious and improved over the course of the season. Thanks to the coaches - Chandler, McNamara, and Simard - for doing an extra sport in order to see this program take place.

The Ant's Demise

ABOUT HALF-WAY ACROSS IT BEGAN TO SWEAT AND PANT
AS IT SENSED AN UNCOMFORTABLE VIBE.**

SEEKING FOOD ONLY BY NIGHT
DRIVEN OUT BY HUNGER IT BEGAN TO GROW FEARFUL
HUNGER, ONE ANT CANNOT FIGHT.**

WHEN YOUR FATHER FALLS FROM GRACE

By Andy Burke

When your father falls from grace
You lose a friend,
That you can never replace.
All truths are uncovered,
Your greatest pain is discovered.

You taught me how to be a man
But I don't know if I ever really can.
You taught me to be strong
You told me to keep going on,
But it hurts to see you so weak,
And it pains me to see you baring on defeat

I don't know if I could, once again
Take the pain I felt back then,
When my father fell.

The World Continues To Turn

By Elizabeth Drake

You have all day to say By Juliana Pappe

*All your life you're looking for something,
And then it's presented to you.*

*Like a fish at a banquet,
Or a diamond in the sky
That fell like a shooting star.*

*You do almost everything that you possibly can
To turn you like around exactly the way you want.*

But it's not like that at all.

*For a gift is something that you should never forsake,
Just as long as the gift's given in good faith.*

*Keep it there in your heart,
And don't think about the past.*

*You don't think
You just remember,
And it will carry you through the bad and good.*

*You're you and nobody else,
So remember that, every day.*

*Keep it up and you'll remember,
What you've done right for a change.*

Determination is the key, and you will go far.

What is a Miracle?
by Kim MacNamara

What is a miracle?

People say its an out of the ordinary event.

When a person gets cured from cancer,

When a child survives a shark attack,

A man visits the moon

Other people say it's a simple everyday event.

When the stars twinkle in the moonlit sky,

When a rainbow shines over the horizon,

A fishy swimming under the Niagara Falls.

A miracle might be

When a grandmother survives a heart attack.

A miracle could also be

The joy of flipping over a rock

And discovering a tiny ladybug.

What is a miracle to you and me?

Friendship at First Sight for the girl on the subway

By Sarah Elliot

I don't know the names of your parents,
Or what colour your room is painted.
But you scrunch your nose as you read your
book,
And I feel as though I know you

For cough, I know, to remind us that you're there.
You pretend not to notice that an old man is
staring at you.
And this makes me sure that we were meant
To be friends.

You close your book probably because
You find it hard to concentrate...
In this subway car.
I bet you're thinking now of how you wished
You could go home,
Dial up a familiar number
And then talk and listen to someone who cared.

Suddenly I feel as though I am not alone
In this world.
This is friendship at first sight
I need a best friend and it looks as though
you do too.

Woosh...the train stops and you are out the door.
"No wait, don't go."

Now who will be there when my dog dies,
Or who will come to me first when she needs
advice

Who will be my bridesmaid and...
Who will come over and drink tea with me,
When i'm old and grey
And comment on my garden?

Goodbye girl on the subway
This parting has left me feeling so lonely
Even though I was lonely to begin with.

Leave Me Alone

By Jamie Elliot

Leave me alone.
Don't you see?
I do not want to be disturbed.
That's what I say
but what I mean is
please keep trying to comfort me
I'm feeling lonely and oh, so sad.
I could use a friend to cheer me up
so leave me alone
but
read my eyes
and
please keep trying and I'll let you in.

Nature

By Jason Roy

My Shoes have never felt the bark of
a great tree

My jacket never torn by its branch,
The arrow from my bow is for sport,
not meat,

And now, no matter how hard I try to
be free,

I can never feel any of these,
In this land of metal, garbage and
overcrowdedness.

Our Friendship

By Emily Nguyen

*As our friendship is torn in two
I feel the same pain as you do
I can see the pain in your eyes
The love you keep for me without a lie*

*Please forgive me
For the hurt I put you through
I barely lose my temper
But I cannot hold my anger
When trust plays an important matter
I have been cold and decisive
Because I no longer want to live
Around false impressions
I now know it was a wrong decision*

*Life without you is hard
When suddenly we grow apart
Even others crowd me
I still feel so lonely
As if something is missing
I want to stop believing
I want to avoid my true feeling
I want to hide my pride
And take you back by my side*

*Maybe in time things will get better
As the good old days
We will then walk the same way.*

GRADE TWELVE

LESLEY CAMERON

I have no idea how to start this off. 6 years is such a long time and I have had so many great memories. It seems kind of silly that I'm expected to narrow it all down to something that will fit in so small a space. Above all, I want to thank my family for giving me this opportunity, I'm so grateful that I have people like you in my life. I would also like to thank all the teachers for their support, but a special thank-you goes out to Mr. Denney, Mr. Van Dyke and Mr. Chandler for making this year so enjoyable. To my friends, I'll never forget you guys even though we'll all be going our separate ways. Despite the rough times, you were the ones that made it all worthwhile. I'll never forget these past 6 years and I don't think I could because they are a part of me now. After being here for such a long time they've managed to carve themselves into my character. Thanks to everyone who has made a difference in my life, however small it may have been, trust me, it didn't go unnoticed.

GENEVIEVE BETTEZ

These past 2 years have been a very interesting and outstanding experience. I learned how to not hit people when I really wanted to and how to appreciate good food when I went home. But the most important thing is that I met incredible people and have many great memories that I will never forget. I would first of all like to thank my family for their emotional and financial support. Liz, thanks for initiating me to the Spanish life style. It felt good to let it go in the BCS showers! Jared - Montreal 20 km. Nick - sorry for the car ride! Les - call me when you are able to meditate, we will discuss it. How many Tim Horton's are there in Ontario? Steph, you have been a sister for me. Les, Steph, we have at least one thing in common, la reine du carnaval! Jared thanks for the good times, while they lasted. My numerous nights with Isa, sorry for scaring you, but I really had a spirit in my room. Doing my laundry with Val, we almost flooded the basement. Meg and our talks about life, you have been really helpful. I would also like to thank Mr. Denney for always being there when I needed to talk, Mrs. Simard for being a great adviser and Mrs. Telling for being a great step-mom. Good bye SWC, I will miss you all.

WUI-TSUNG CHEN

Finally, freedom is coming!!! One year passed so fast, it is just like yesterday that I started here! Even though I always complain about the school rules, there is still something good for me to remember. This year, I have improved my English so much and started to interact with people from different cultures. Also I got more time to think about myself and improved myself. I want to thank to my roommate, Mike Shearer, who has been living with me for almost the whole school year and also a special thanks to all of my teachers, especially to Mr. Wells, who always encouraged me when I was about to give up. I will also miss all of my friends that I have made here, especially KIYO, KYOHEI AND SIRAPOL, enjoy the rest of your school year "S" eh!!!! HA Ha Ha.....BYE!!!!

YIN-JEN (BRIAN) CHEN

From grade 7 to 12, these 5 years have been very special and I still can't believe the time is up. One thing that was always in my mind, I wanted to leave this place, but really, I'm not sure anymore. There are too many people that I have to thank, and to fit them all in this small box is just impossible. Liam, Meg, Liv, Cream, Darren, PI, Danny, Paul, Rox, Jules, Jared, SI, Rob, Stef, Kane, Nick, Woo Sung, Miss Wadleigh, Mr. Wells...etc, thank you for always being there for me. Teachers, thank you all. Prefects, Wednesday Assembly, you are the man! Emi, I can never forget any of the time that we have spent together in Toronto, on breaks and weekends. You are the best thing that ever happened to me. You have also made me a much stronger person since the first day we met. I'm going to miss you tremendously but keep in mind that I love you as always. Of course, my family, mom, dad, bro, you have made my life a lot easier. Ink and paper are just not enough to express my deepest thanks and love I have for you, thank you.

AH RA CHO

I am not a great writer so I do not know how to express my thoughts and how I feel well. Also, it is really hard for me to write about my past four years on a small piece of paper. However, I will try my best to write because I really need to thank to all people I know from Stanstead. First of all, Mr. Shannon, Mr. Southward, Mr. Duncan and the other teachers who helped me continue and finish studying at Stanstead. If they were not here, I would not be here either and my life changed in many good ways because of my being here. Secondly, my friends, they always gave me the strength not to give up my dreams and they encouraged me whenever I had problems. I won't ever forget you guys. My little sis, Imsoonie! I never said that you were nice or I liked you. Now, I say so, I like you and you are my best little sis! Last of all, my best friend Woo Sung as my boy friend! You are the BEST and I love you!!! I love you all. "I will remember you, would you remember me?..." (Sarah MacLaughan)

ELIZABETH DRAKE

I can't believe the year is nearly over; it's true what they say - time does fly when you're enjoying yourself. Justin, thanks for the skittle up the nose, I'm sure banana jello exists, it's not 'cool to wet your pants', Gatorade is definitely better than H₂O but I'm still undecided over the shampoo vs. conditioner issue! Sam, thanks for the endless fat camp stories and always making us laugh. By the way, shave your legs; don't mentally scar anyone else! Ti-Pou aka Gen.B it was great to let fly in the shower with you after the BCS swim meet! Megs don't forget the plans about India. Carolina, sorry for destroying the furniture in Mexico! Thanks to the ESU for this unforgettable opportunity and to my parents for their support. Thanks to Mr. Telling who seems to know everyone I do, and to Mr. and Mrs. Quenneville and Liane for looking after me every break. Don't forget to stay in touch everyone and come and visit any time. Justin (animal friend) I love you. x.x.x.

NEIL EDNIE

First and foremost I would like to thank my parents and family for allowing me to attend this school. Todd, Laura and Chris thanks for keeping in touch with me over the past three years. Joon you were a good roommate this year, try not to sleep too much next year. I would like to thanks M.S., J.R., J.V., J.Q., L.O., F.F., D.M., T.S., F.P., C.K., A.B., M.T., I.N., L.V., J.L., J.H., M.L., D.G., S.L. and The Mexican Crew for being there. Mike, there's snow at Jay. Frankie the Ferret, Pat and J.D keep on the Washington Fuel. Felix and Clemens Moin Moin. Tom watch out for the Bats. LuLu Palou, thanks for being a great friend. To the grade 12 Physics class - remember it is all in the potato gun. Later Stanstead.

NICOLAS GARIEPY

Five years, half a decade, what does one do in most of that time? My senior year will take up all the space. I'll never forget the things like: Finally becoming a prefect! Oct30. Ben Harper with the boys JNV, JG, JD and SP...hey JN are you okay? Finally getting a senior "S" in football. Spending 12 hours watching Kane play video games. "Hey Nick c'est ta fête!!". And most of all the people. JG (aka PONPON) probably the most bizarre yet great roommate. JN "C'est de la BS", t'aurais pu faire de l'argent avec THERA! DG what can I say. Meagan and Liv you've always been there, just don't tell stories of my past please! Les, who cares? Gen, crash pas mon char!! Mr. Simard, you probably know more about me than I do myself, Mr. Wells, you knew it all in my bad times...thanks for the philosophy. I will finish by saying that the most important people in life are your friends...don't ever betray them....some of you might know what I mean.

STEPHAN GINGRAS

What can I say about Stanstead besides that it was a very interesting place. I have gone to Stanstead for four year and have met people I will never forget. I have had great pleasure in seeing the school grow and change. I have made friends from around the world that are now leaving the school. When the school year ends I will find myself looking back over the years and the seeing people that have changed for the better and the friends that have made my life wonderful. I wish everyone at Stanstead a great time this summer. The teachers have been great and helped me to learn that it's not what you know only that your mind is open and that there is more to learn. I hope that Sean, Meg, Olivia, Brian, Isa, PI, and Woo Sung find what they want out of life and find themselves. If we look at our life as book, I have just completed a major chapter of the book. Thanks for the support from everyone, it made Stanstead a fun place.

JARED GIVARZ

Thanks to all the people who have helped me and to the people who have made my Stanstead experience a good one. So many great things have happened while I have been here, and so many wonderful friends have been made. To my friends: you guys are the ones that make it great, I love you all. Well ladies and gentlemen, it's been excellent; I will never forget it. I'm out.

DARREN GRAY

If we never take any chances, we'll never win big. Three years ago I took a chance coming to Stanstead and it has changed my life. As I leave, I must thank those who sent me on my way: Mr. Simard, Mr. Denney and Mr. VanDyke. Also Mr. Chandler and Mr. Salkeld, the Davis tag team combo. Mom, Dad, Jeff, I love you guys. Tops, good luck this summer, maybe

you'll finally win our little contest. To everyone who ever made me laugh or smile, thank you. Now for the memories: Daytona Beach, baby! Jared's adventure & JD's D-A-D. Justin and the two a.m. rugby practice (stupidest idea of my life). Luis, rayando el sol! Fourth floor, thanks for making it easy. WEST! JJ, we had some good times, buddy. Sarah, my love, thank you for opening my heart: always follow your dreams. Phil, we'll meet again, and one day we'll both find what we're looking for. JNV, Brian, Liv, Nick, SI, thanks for the friendship and advice: good luck wherever you go. Always keep your head up and mind straight. May the force be with you.

MEAGAN HEATH

Six years later, and it looks like my time's up, but I have to thank some people before I go. Liv—remember the good times; Bri—what'll I do without you; Isa—my bubble baby; Nick—you are my confidence; Gen—it's time to move on; Burger—I'm not always like this; Liz—you could blackmail me; Pom & Saka—how many kgs. Mr. Wells, you have taught me more than you will ever know. Mr. Denney & Mr. Chandler, you're my support. Mr. Telling, you provide my rationale. Mme. Marcotte, you'll always be my guardian angel. Mom & Dad, thanks for the last year and having brought me this far. Finally, thanks to the outsiders: Rox, Ann, Li, Jo, Jay, Jeanette, Nelson, and everyone else who made me who I am, especially Bren for showing me that you can't plan everything, and V. Simard for making me be strong.

JOON OH HWANG

I loved staying up, drinking coffee all night just to sleep during the classes. Most of you probably think that all I do is break all the rules to put myself in trouble. However, I just want to let you know that I have never worked harder in my entire life (believe it or not). Thanks to my parents and friends back in Korea for always being there for me. I would have hated this place so much without you guys (you know who you are) being here with me, especially Neil, the coolest roommate on this planet earth. Thank you so much for being my 'Big Daddy'. I wouldn't have been able to finish my year if anyone else had been my roommate. Take care! I'll see y'all around.

BERTHA JAUREGUI ORTIZ

First and most important, thanks to my parents that have been so supportive, encouraging and loving throughout my whole life. LOS AMO. Thanks to Gus and Bere for being such good siblings. Thank you too, my dearest friends (XZRLGF) for filling my life with joy and for believing in me. You have always been there. GRACIAS. This has been a year full of accomplishments in which I have gained knowledge and skills to continue my future life. Thanks Stanstead! I'll never forget the discos at my room, escaping at 1:00 AM, banana bread robbers, Sandra (Thanks for ur friendship te quiero un Ch), Mr. Chandler, Mr. Van Dyke (thanks for the magic tricks), Luis, Chave and Meagan (las quiero), all the Mexicans (I'll miss u guys) and much more. Guys? U know I'll always remember you. Marthita, Chaty, Emi and Cadeaux, thank you for all the good times and for our great friendship. You mean a lot to me. We've laughed and cried but the story is not over. Thanks to Mrs. Telling, Miss Campbell and Mr. Denney.

GENEVIEVE LAQUERRE

Success and failure, love and hate, great times, not so great times, long-lasting friendships, amazing swimming and rugby, etc. These are just a few of the many memories I'll keep from my experience at Stanstead. Thank you a 10000 times mom and dad, for giving me this mind-opening opportunity and for your incredible support. I love you very much; you are the best parents! As for all my friends, you have made life at Stanstead so much more entertaining so I can only say that I appreciate it big time! I wish the best to all of you. Mike, you are my "weights buddy", don't forget! Sam, you are just too good! I hope we won't lose track of each other guys. JD, I want you to know that I am thankful for your patience, care, trust and for the wonderful 2 years we have spent together. I love you with all my heart; you are my best friend and soul mate. I truly hope it will stay that way. "In life I know there's lots of grief but your love is my relief." (Bob Marley). Genevieve

MELISSA LEMIEUX

This year is my second year at Stanstead. Days flew by quickly and I don't really want to leave, but all good things have an end. I had such a memorable time! I grew and learned a lot through the year. All this has been possible because of my friends, my teachers and my coaches who supported me and showed me that life is great and taught me to enjoy the moment. Just some memories for the people concerned: the squash tournament and the forgotten lingerie, night mission, my break back home, carnival, Le Menteur, Annie, merci pour ton aide, PT et sa coche, night talk with Emily and Liz, Charles et ses 27, je préfère t'... Also I would like Michelle to know that I appreciated her and will miss her very much. Emily, you're the best! (Merci d'avoir toujours été là pour moi!). Charles, merci pour tous les tendres moments passés en ta compagnie. Tu as toujours été à mes côtés et ta présence m'est très précieuse. Finally, thanks to my parents who gave me this opportunity to come to SWC.

CHARLES LESIEUR

I would like to thank a lot of people: The Ross family, Jean Nic who was my partner for almost the whole Hockey season, PT for finally scoring that goal on my pass in the Provincial final, and LP for his friendship. Jared, for the fun we had in calculus class and everywhere else (C'est la vie!), Miss Campbell for being on my back all year when I was with Melissa threatening me with her "House Confinement" and calling me a "loser". I'm sorry Miss but you can't change the world by hating men. My friends from "Le Cœur" in France and I congratulate them for their France Cup. La famille Lemieux pour m'avoir accueilli et si gentiment reçu. Ainsi que ma famille pour m'avoir permis de venir ici. Dernière mais pas des moindres, ma belle Mélissa pour avoir été là pour moi et m'avoir tant apporté. Je ne t'oublierai jamais mon bébé. Je t'aime mucho mucho ma fiancée. I will remember all the things that happened to me here, the good as well as the bad, and they all have taught me a lot. Nitro!

OLIVIA MOSELEY

I never expected to be here for so long, nor that I would get so much out of my time. Over my years here I have changed from a possibility to an actuality. Now, as I prepare to leave, I am only beginning to realize how much the people of Stanstead have given me: you'll all remain a part of me forever, for you've helped make me who I am. To all my friends, each of you has made my life richer for your presence - I can't thank you enough. This year has been fantastic: special thanks to the Grade 12's, the basketball team and the Cast—it's been a blast. Meg, Isabelle, Merle, Brian, Sarah E, Luc and Emmet, I love you all very much—we mustn't ever grow apart. Mr. and Mrs. Wells—I'm in awe of you both. Mr. Van Dyke, thanks for all the good conversation—you've gone above and beyond and I'm a better person for knowing you. Mom, Dad and Wyatt: far or near, your warmth has always been with me—thank you. It's been a wild ride, but it's time to move on. Take care y'all and stay in touch.

ISABELLE NAZON

The most important thing that SWC brought into my life is a greater understanding of self worth and personal values. This is my fourth year and unfortunately the last. I'm leaving with a sense of pride knowing that I will have a future and hopefully a successful one. SWC has giving me the chance to excel and proven to me that everyone is a winner in their own special

way. Choir and Theatre Arts played an incredible role in my life here at school and I would like to thank Mr. Telling, Nick. D, Mrs. Wells and all the members. for their support. I would like to thank my friends (you know who you are) for making life here incredible and unforgettable. A warm thank you to all the teachers, especially Mr. Duncan my adviser, for being there for me. And last but not least, I would like to thank my parents for all they've done and for giving me the opportunity to get a higher education and a greater understanding of life. I love you Mom, Dad, Pascale and Fabrice. What would I do without you?

EMILY NGUYEN

The first day of school seemed to only happen yesterday and yet it is now time to say farewell. Time passes by like the breeze; it comes and goes without letting us enjoy ourselves entirely. Although my friends are not many, they are the best and represent the most pleasant memories of my stay at Stanstead. They taught and helped me to grow. Thank you, Emi for a good start of the year, Martha, my favourite psychiatrist, for listening to my complaints, and Bertha for being my friend. To Lizzy, thank you for being my best roomy and thank to Ah Ra for tutoring me whenever I needed it. Particularly to Melissa, who I wish I could get to know better, je te remercie de m'avoir accompagnée aux petits déjeuners et d'être my best amie. I also had the opportunity to know a magnificent teacher, Mrs. Atkin, who is always there to support and encourage me. I would like to wish you all the best and I am very grateful for everything. It was quite a year!

MARTHA NJOKU

This year came and went so fast. First and foremost I want to thank my Savior, Jesus Christ for making this entirely possible. Also my parents, because without them this would not have been possible either. To my closest friends, Bertha, Emi, Cream, Emily, to my dearest sister Gift, this year was great also because of you guys. To my little sister, Karin, to my special little sister Lauren, I will not forget you. To Alex Prebola and Michael Tang, you will always be in my **HEART**. To my friends, you know who you are, Justin, Phil, Jean-Nick, Kane, and Warawong. To my good friends and also to my teachers, Mr. Van Dyke, you still won't be able to Chirp, Mr. Chandler, Wild and crazy guy, Mr. Simard (MARTHA!), I don't think I will hear my name called like this anymore and to Mr. Denney, thank-you. I will never forget the great times we all had together, and thanks for the great memories. Shout out to the Wells, the Tellings, Miss Paradis and to Miss. McCurdy, the greatest advisor. **PEACE!**

YOUNG-JOON OH

How unfortunate, I never knew that I had to write **ANOTHER** Grad write-up. Lots of memories in 5 years. I can't write everything that I want to write because we only have maximum 990 characters including spaces and punctuation marks. Now get yourself prepared for YOUR grad write up or you may fight over it with Mr. Duncan (the probability of your winning is not guaranteed above 0%). I learned lots of things from Stanstead: I Learned how to get injured, get U's, hours and study hall. I remember the trip to The Molson Center, being Davis mailman for 3 years and the Washington Rugby Trip. Anyway people, no matter how many years you have to survive Stanstead, you'll have great memories, success, and confidence, become a more mature and determined person (Is this good advertisement Mr. Elliot?) Special thanks to my advisor Mr. Salkeld (I never understood what he was saying during advisee meeting). Mr. Chandler, I mentioned your name last year, so don't try to kill me.

JUSTIN QUENNEVILLE

I was asked to describe my year at Stanstead in 990 spaces. Everyone complained that their wasn't enough space on the sheet, but I think that there is too much space, and it's a little intimidating. As for my year, I owe everything to my best friend and girlfriend Liz, aka (animal friend). From every break to Vallarta and the movies, I had the time of my life, thanks baby. Sorry Carolina for the damaged furniture. You will catch me one day Noel. Sam, thanks for the info on summer camps. To my bro JD and that annoying person across from us and his sack lunches (let the big dog eat). To my line-mate Pat, what a year (sorry about the spaghetti). For Mr. Chandler and those putting challenges and Mr. MacNamara for helping me out for university. For Goodsell and those brutal computer assignments and Jared for the choreographed dances. I loved those prefect assemblies. Thank you everyone and keep in touch. I love you Liz, only 4 years.

CHATVALAI PHROMBURI

I can't believe how fast the year has gone by, and all I can do now is hold on to the memories I've had. This past year was the most fun and productive year. I've learned a lot through many tears and laughter. Thanks to all of my friends for each smile that have made my days, friendly chats, and for being who you are. I'll never forget any of you especially, Emi. It's unbelievable how much we think about food. aishiteru. Bertha, your hugs are unforgettable; Martha, I know we'll keep our "No" to the end. Gift. The cutest... Thanks!, Meg, running in the snow and hopping on the street. Cutie Cat, do we really look alike? PT, Merci. Brian, Thanks for lending me your shoulder. A big thanks goes to the Tellings, Mrs. Atkin, Miss Paradis, the Wells, and Miss Keeble for supporting me through out the year. I couldn't make it without all of you. Lastly special thanks for my family & friends back home for always being there, and supporting me when I needed you the most.

JAMES ROSS

There are numerous people I could thank; I could also go on and on. E.B. First, Mr. MacNamara, thank you so much for making me love the game, Mr. Ashworth you can never work too hard. Mom & Dad, your sacrifices were worth it. Don't ever think otherwise, you'll always be my biggest idols. Peter, I love you through all the bruises! Mike, no one is a better sport than you. Justin, I'm glad you came along. Couch viewing forever! JNV, Si, Darren, Les, Lucille, Felix, Didier, Angel; you'll always be great. Now for the best. Jared, I am your best friend through no matter what. I could never JUST remember you. The most precious comes last because you always save the best for last. Gen, people like you are only found once in a lifetime and we still have one. Your person has changed mine. Now anything is possible. The two years have made me grow ten times faster than any other. I am proud to love someone so completely. You are gold to me and now I know the difference between gold and brass. (Ben Harper). JD.

EMI SAKATA

I've been at SWC for three years and sadly the end has come so quickly. I can't believe I will not be returning to the Stanstead I have become attached to. I have many memories which will never disappear from my heart. Cream, you are like my sis! We cried, fought, and laughed. We shared everything. Martha, I won't forget chatting with you after lights out, you are the best listener. Bertha, my good friend, bonny Gift. My friends Judy, Emily, Isabelle, Olivia, Meagan, my close Webster girls, all my Japanese friends and Brian who is always there encouraging me. You guys have made my year here the best! I couldn't live without you guys! Here is a big hug and thanks. Special thanks to Miss Wadleigh for being such a great advisor. Mme. Macotte thank you for always taking care of me and of course my greatest gratitude goes to my family, especially my mom and my sis. I'm so happy that I could spend my time here at SWC and I'll never forget those memories.

MICHAEL SHEARER

A whole year is hard to sum up in a few sentences. However, I would like to begin with thanking all of my teachers, showing me that if I put my mind to something anything is possible. Thanks you to my parents for giving me this great opportunity. I have met so many great life long friends. JD and Justin have shown me the ways. I have them to thank for my secure presence at the college. Felix and Clemens have kept me sane through these long months Our long discussions and hip-hop session were the bomb. You guys are great friends. Jared, thank you for making me laugh. Sam, without you I would never be so successful and thanks for putting up with my whining. Thanks to Lucille for being there for me, to Isabelle for being so unique, to Neil, my fitness man, to Gen, my fitness inspiration. Thanks to all of the beautiful babes for making my year so enjoyable and to all of my friends in Ottawa. Finally I would like to thank Mr. Chandler for teaching me responsibility & the rules of life.

WOO SUNG SIM

I still remember the day when I first came to Stanstead and now I have to leave after spending 4 years. Sometimes I really hated this place, but now I have to move away, and I'm sad that I have to leave. I've had so many great memories, and I met many friends here at Stanstead. Thanks to all the people for being there and helping me. Especially for my friends: my best roommate PI, who supplied all the food all year around, Matt, Stephan (the F-farmer), Charles, Olivia, Brian, Isa, Darren, Steve, and all the Korean crew. Mrs. Atkin, my biggest supporter and the best advisor ever, Mr. Van Dyke, who had the greatest influence on my future, and Mr. Denney for university applications! SPECIAL thanks to My parents and Ah-Ra, for their love and care. I love you. Some of us are scared and worried about next year, and I know I am, but I also know that we will have great times and success, but I hope that you won't forget all the great times that we spent here together.

SAMANTHA STREMMELAAR

I could never have imagined that my sixth year would have been like this. I have met so many people that I will miss so much. Megan, babe, I promise that Masteen will write back. Lindi bug, I luv ya. Gustl, thank you for always being there when I needed you. Felix and Clems, my German boys, there will always be a place in my heart and in my home for you. Mat, whenever you need me, you know I'm there. Mr. Chandler, thank you for everything. At a time when it seemed like no one cared about my season, you did. Isabelle, I love you for so many reasons. You are my saviour and my best friend! And finally, Mike, my closest friend. I have done so many things with you and because of you. You know that you can accomplish great things with your life and you just have to believe. You have always been there for me and I intend to do the same. Thank you for just being Mikey. A most important thank you goes to my parents and Nana without whom I never would have met all these incredible people. Thank you!

MATHIEU TREMBLAY-NOEL

Three years have passed and I still feel the same love for this school that I had when I arrived. The school changed and me with it. Come on! Who thought I was going to go out with a girl? Bon, commençons: Val, la soeur, lâche pas, tu sais que je te comprends, Breaks in Montreal: having to steel Jimena's credit card. Getting familiar with the word "gummy", gaining weight. Staying up late watching TV: Prefects "dancing" assemblies. Enjoying one night of grade 12 privs before losing them, sorry by the way! Proving to everybody that a big guy can dance. The fact that I was going out with the best girlfriend helped my year a lot. Caro thanks for your patience with me; I know that we did not agree on everything but je t'aime quand meme. I had the best time with you and I will not forget anything. Thanks to Miss Campbell for her help, to PI for his food, to my brother to raise the phone bill and to my parents to push me. To all my friends, good luck next year and I love you all.

JEAN-NICOLAS VERREAULT

It's legitimate that the way someone will be depends a lot on the environment in which he had been in when he was a kid. This environment for me was SC. My views on the school changed a lot in 4 years of isolation. At 1st, this place seemed to me like hell but I then gained enough maturity to realize all the good it would do me in the long run. Things will always be the way you want them to be. There are so many perspectives and philosophies and I learned to believe and live on my own. Many contributed to my learning, 1st my parents, merci pour le support et la patience et tous vos efforts pour faire de moi ce que je suis maintenant, my sister for working hard to keep a close relationship with me through my independence and all of those who supported and respected me in the last 4 years. No need to mention the friends, staff and parents that helped me grow since we'll be keeping in touch. Live in the present, but make sure you don't regret the past. I am now on to the next step.

LUCILLE VILLASENOR

Just the thought of June 17th is bringing tears to my eyes. So many people and memories that I will never forget. These past six years will always be a part of who I am and who I will become. I am thankful to all my amazing friends and even the people who I barely knew. Trust me you also influenced my SWC year. I am also thankful to my great teachers, the incredible parents I met and the amazing staff. All of you were always there for me and you helped me live through my hard and sad days and you joined me through my happy ones. I would like to give a big thanks to the best adviser one can have: Mr. Ashworth, I will never forget you. And Finally I owe my two hugest thank you's to my bro for always being there for me and to my mom who gave me this great opportunity and thanks for putting up with your little lawyer! I LOVE YOU ALL!

Time never waits for people. In these years I have met a lot of great friends, and for sure, I can't ever forget about these wonderful memories. Brian, the sexy guy, wish you all the best, whatever you do, wherever you go. F. Ou, hopefully I'll see you at Queen's. To all my friends out there, I can't list all the names 'cause of the space. I want you guys to know though, you made my life at Stanstead so colorful. Movies in Pl's room, late night studies, basketball everyday... Oh, and to the basketball team this year, you guys rock!! A big THANK YOU goes to the faculty and the staff. I learned a lot from you people. It's not easy to study abroad, but I finally got through it. Mr. Van Dyke, I love your class. Mr. Wells, Cal was fun. Miss Keeble, thanks for your tolerance, Miss Campbell, you're my favorite. Mr. Simard, my great advisor, you're the best! Mr. Chandler, Davis is much better this year! Good luck to everyone. Live the best of your lives! Love to my family, I could not have gotten through it without your support!

TAWEESAK WARAWONG

Throughout the year, I have learned that not everything will go as I planned, and the only thing I can do, is to suck it in and move on forward with my life and my future and see the past as memories and lessons. I would like to take a moment to recognize and thank the people who have always been by my side: Miss Campbell (Mini Miss) and Mr. Chandler -best friends and advisers a student can ever have. Matt and Woo Sung - best roommates and friends for life. Melissa, with your love and support, and your decision to join my journey, has given me new hopes and great expectations to look forward to. Thank you sweetie! Then there's my family, thank you for always being there! Dad, You're the MAN! You have always been by my side and supported me. When I'm down and out, you would pick me up and guide me forward to the right path. Thanks dad, without you, who knows what would happen. Thanks everybody for everything! Grads of 2000, I wish you all the BEST.

CAROLINA ANGARITA

This, my first-year at Stanstead, was an unforgettable experience. It was a year that I learned so much, not just through academics but also through friendship, responsibility and love. I want to first thank some people who have been there to support and help me during my tough times. Mat, I will always have you carved in my heart, as well as in my memories. This year wouldn't have been the same without you. The next is to some wonderful girls, each one unique in their own way. Each one has taught me so much and has filled my head with incredible memories. Recuerden, amigas X siempre. Minimiss, "Chiquita pero grandiosa" Gracias por todo. Matty & Mark you two were always there to encourage me to never lose my smile. Sam, I will never forget the laugh we had. To the Webster girls, you have all been great to live with. Lucille thanks for making my days in Stanstead worth while. To the rest of you, GOOD LUCK in your future plans. or see you NEXT YEAR!!!

KENSUKE AOKI

These past five years have been such a great time for me. I've learned lots of things in this peaceful place, Stanstead and I've made lots of friends here. Some of my friends aren't coming back and I will miss them, but those memories I made with you guys will always be here to support me. It's impossible to recall the facts, but it is possible to recall my memories... Kane, Massimo, Gustl, Luis and all the friends I made. This feeling and appreciation are difficult to express with my English, so I will put all of my thoughts into a word. Thank you.... I also thank my parents who have made my stay at Stanstead possible. Without your help and support I could not have done this. Kansya shimasu.

LUCIA ARROYO

When I decided to come to Stanstead, I never thought I would learn so much. I will always remember this as one of the greatest experiences I have ever gone through, and I want to thank my parents for the opportunity. I want to thank all my friends because without them this wonderful experience wouldn't have been the same. I wish I could have enough space to express how much you all mean to me. A mis siete hermanas, gracias, por estar siempre ahí. Jime, gracias por ser como eres. cumplimos nuestro sueño! Roomy room, I won't forget you. Val nena, te adoro. Mat, what can I say to my eating partner? Lucille gracias por todo. Lionel, corazón, tqm. Gustl, my tutor, Jess, July, Sam, Stef, Jo.... Thanks to every one who made this year so great. Good Luck! to all. Last but not least I want to thank all my teachers and coaches, because you all taught me more than what you think.

VALERIE BONNEAU

Coming to Stanstead was, for me, a big opportunity. I made a lot of unforgettable friends and here is a little word for each of them. Thanks to my sister who almost burned Webster down on my birthday; Lucía who taught me what the word "messy" really meant; Isabelle, for being the best friend I could possibly have, and with whom I learned that Gaspé was actually part of Canada... Gen, with whom I flooded the basement doing laundry. Do you remember Gen? Mis favoritas cabronitas, Sophia, Carolina, Jimena who were great friends. Claudia and Ana, my Mexican sisters. Sandra, with whom, in Austria, I learned what PAY-TV was all about!!! Special thanks to Mr. Simard and Mr. Denney, who made me discover the world. And most of all, I would like to thank my parents who were always there, supporting and encouraging me. They believed in me from the beginning to the end. Love you mom and dad! I will never forget all my friends from Stanstead (you know who you all are).

KEELY BUJOLD

When I first found out I was coming to Stanstead I didn't know what to expect. I didn't think I could be happier here than at my old school. Oh, how wrong I was. Being someone who really enjoys sports I found it convenient to have mandatory sports activities. I adjusted quickly and made many friends I feel I'll have forever. The classes are smaller and there is more of a one on one relationship with the teachers. This helped my marks reach an average I never thought achievable. Had it not been for this I would not be where I am today. The school has enabled me to succeed and reach standards I never thought possible. I am thankful for this and the support of my family and friends. Lindi, we lead parallel lives, thanks for always listening. JS merci for taking time off your busy schedule. Mr. Denney and Mr. Chandler don't worry P! will be back! Ryan, I love you and am so proud of you! To the friends, I didn't mention you know I love you and I look forward to another great year!

LINDI CAMPBELL

I will always remember the good things about Stanstead, and try my hardest to forget the bad. To my friends; Jean, you have finally outgrown your drama-queen days, Luc, thanks for the imaginative stories, Erica, you were by far my wackiest roommate, Megs, I love all the obnoxious things we do together, Keely, you aren't really that fat, Gustl, I love you and it's always maybe later. Sean, thanks for keeping me sane, Peeyai, Lefties rule, Olivia Noodle and Megan Rice Pudding, thanks for all the stupid conversations. Sam, Agnes, and Psychotic-you girls are the best! Clau and Val, for letting me practice my French. Massimo, for not letting me be the tallest, and Kara for listening to me. Thank you to Miss McCurdy for being a great advisor and friend, Miss Paradis for believing in me, Miss Mihaljevic for all our girl talks, and Mr. Van Dyke for teaching me in all facets of life. Of course thank you to Dad, Mom, and the rest of the family for all your support and love. See you next year!

KANE CUENANT

Judy Wu, you are the most boring person in the entire school but, for some reason you're so boring that you're funny. I will also always remember never pick cardboard!! Kensuke, I never saw you all year. For some reason though I thought I'd mention you. Nick, to tell you the truth I won't miss you! I will never forgive you for not lending me your TV. JS I hate you because of the shrimp you put into my bed. Al, you're one of a kind. Especially when it comes to my sister. I know it's hard being dumped after three years going out with someone that is half your age and that's your friends little sister. I will never forgive you for putting a sausage in my bed. Brian, what can I say? Five years is a long time. I hope you get what you want. Jared, you always have something stupid to say but, for some reason your dumb facial expressions made me laugh.

GUSTL EDER

I met a lot of great people here, a lot of them are great friends by now and these people made my time here great. I want to thank my advisor, Mr. VanDyke. I love your playful cockiness. I also want to thank Mr. Chandler for his great coaching and for being such a good house director. Mr. Ashworth, thank you for giving me such great advice and for being a great friend who I had so much fun with. Coke rules sir. I want to thank my friends Jessica, Keely, Caro, Lucille and Jean. You guys are great. I also want to thank Sofia, Peeyai, Jean-Sebastien, Marie-Victoria, Erica, Judy, Massimo, Luis-Felipe and Catherine for all the great times we had. I want to thank my parents for giving me the opportunity to come to Stanstead and for all their support. Lastly, I want to thank Lindi. You were my light in the dark, and I love you for everything we share. I don't know what I would do without you. Thank you for the support and the fun we had together. I will never forget it. Take care.

FRANK FAURET

JEAN SEBASTIEN GAGNON

I arrived here in grade nine and I didn't know what to expect. It turned out to be a great year, which then lead to a good and successful grade 10 year. The next thing I knew I was prefect in Bugbee, and in grade 11. This year went by just as fast as the others. There is only one reason for that though, and that is because I had so much fun. The Bugbee kids were actually pretty good... At least most of the time. The prefect assemblies turned out being pretty good, but also very tiring. Kane, maybe next year we should try to plan ahead. Pat... Oh No! That's all I have to say about that. I think Tom knows how to help you there. Al, we will have to keep up the football tradition next year in Toronto. Miss Paradis, or should I Say Mrs., Best of luck to you and thanks for all your help. Thanks to Mr. Duncan for all the French help, even though I missed a lot. A great hockey season this year, I'll never forget it. Finally, I'd like to thank my parents for giving me the opportunity to come here.

SANDRA GARCIA DEL RIO

Stanstead College...the first time I heard I was coming to study here, I was really scared, but now it has already been three years that I am here and I am really glad I came. These years really changed my life in school and society. From Stanstead I have lots of memories like talks with Luis, fights with Gustl, which I won but he cannot admit it and the soccer tournament in Toronto in the room with Kensuke. Gustl and Luis. Kenny, please stop making fun of me. Luis, thanks for everything, you are a great friend and Gustl, Italy never surrendered, remember that. Also I would like to thank JS for being a good roommate, even if he was annoying sometimes. I am sorry if I didn't mention someone, but I promise I will mention you next year. Now I would like to thank Mr. Chandler for being a great advisor and Mr. VanDyke and Mr. Simard for helping me improve in basketball. Now my biggest thanks goes to my parents who made this possible. Grazie, Vi voglio bene. Ciao!! See you next year!

LUC McDOWELL

So its been years, and what have I learned from this place called Stanstead? That its about late night camping trips and lunch table confessions, about how to keep running , saving a dance for the lonely girl, and of course, about the most important mistakes. And so I have my friends to thank for this. Meg, our summers with the Jay twins, thanks for keeping your mouth shut. Lindi, you're my ultimate audience, Megan Heath, I hope you find your theme song. Emmet, its all about the toast. Sean, do me a favor and save your cousin for me. Gus, in a perfect world you'd carry up Masse's tray. Erica, my partner in crime. Liv, I owe you the piece of my mind that's a little more open, and little more mature. I hope that we will eternally represent the virtue of pink snowmen. To the special teachers who taught me more than I thought I could learn, thanks. And lastly, of course, to my family, toute ma famille, and the town of Coventry. Thanks.

JEAN McDOWELL

Its been fun, these few years. I can only begin to thank all of my friends for their great companionship and support. Bloody Mary in the gym, driving school, adventures with Megan in her Subaru, Night At the Roxbury, boating across the lake, 'I saw your mom!'. Truth or Dare - Erica, what did you have to eat?, missing the grade eight camping trip, Taboo with Luc, Olivia, and Emmet. Sign 175, laser quest, chats with Gustl and Sean. Hotel d'Ouchy with Lindi (it's on tape), our adventures in the Explorer (that was kind of fun...), finding little gold sparkles, being shot, white out boy, multi-colored hair, the Eaglestons of St. Jay, Sybil, Erica, Ariana, 'You like that? Huh? Huh?'. Sam Granofsky and her husband, Kiss Me, Jess - 'Oops! I dropped my pen', Gustl and I getting mooned by ... Valerie and her little inusical lamb, las calientes, famous players signs, dating an old friend. Thanks to all of my friends, even the talkative ones. I will never forget these memories. A great big thanks to all of the teachers who made things fun, and another one in particular, to Mr. Denney for being the best advisor for me. Mom, Dad, Mamie, Grandma, Papie, and Grandpa, merci beaucoup!

DAVID MILLER

This year is my first year at Stanstead College, but maybe not the last one. Stanstead was such a good thing for me because first I learned how to work. I'm very impressed by the sport activities. How can a little school like this be so good? Probably because we have a very good coaching team. The last thing than I can say is that Stanstead is maybe the best school than I have ever attended.

LUIS MELENDEZ ORTEGA

I do not really know what to say, but I did enjoy my time this year when returning to Stanstead. During this year, I have been generally "good" as my sister said, and hence I would like to give many thanks to Mrs. Atkin, who is always there to give me the best advice and support when I most need it. Also I would like to thank Luis Melendez for being such a best mate, to Lionel and Clem for all the fun stuff in Davis and throughout Stanstead. LIONEL ODIMBOSSOUKOU

It is my first and only year at Stanstead College. Honestly, I am not going to miss it, but my friends here will never be forgotten. Even some of the teachers! But I am not going to say who because I might make some jealous. I learned a lot here, a lot in school, a lot in sports but I think that I learned more about myself and everything that is around me than anything else, and I am thankful for that. That is why I would like to thank my parents who wanted me to be here for a year, the teachers who are so dedicated to their students and jobs, to Stanstead which is a place where you can learn more than you think (not only in school). But, most important I would like to thank myself for having understood and learned a lot of things. I would like to give special thanks to the friends that were here everyday: Jimena, Jess, Juliana, Judy, Steph, Lucia, Megan, Claudine, Melissa, Samara, Lucille and to all of the others that I haven't named. I would like to tell you all thank you and see you in 20 when we will all be rich and famous!!!

CHENG HUNG (FRANK) OU

During these past years at Stanstead, I have made a lot of good friends and a lot of memories. I will never forget the friends that I made here. I would like to thank Mr. Duncan, Mrs. Atkin, Mr. Van Dyke and Mr. Simard for being nice to me.

FELIX PROBST

Hi, I first want to thank God, my mama and my dad for giving me this great opportunity to accomplish my feats. I have to thank my grandpa for supporting us. Shout out to my boys in Germany. The Sheraton Hotel was a very good experience for me, If you know what I mean Jared! One year no room change, Pat, we had a very good time man. Thank you for helping me and keeping me on track. Acapulco Babe! Mike it was a pleasure to meet you. I know that this year was just the beginning. We have our whole life and we are going to keep being friends. I love you! J.D. Ross! Bremen man!! I love you. I won't forget you, you are a wonderful person with a good heart. Lucille, you are maybe the most interesting person I have met in my life, thank you for always being there for me. Jimena, I want to thank you for helping me smile every day. Thanks to all the Mexicans including Angel, Clembo! Aus Fehlern lernt man. Thanks Sam, for providing me your house and for being a good friend. Isabelle, Lesley and all I forgot. Thanks.

JULIANA PAPE

The few years that I've been here at Stanstead College have been quite a different experience than I'd expected. I'd thought that it would be a little more rigid and have more traditions, but it's actually a casual place where you can feel welcome. Here's a warning for the newcomers, though: sometimes the food can be inedible. The campus is pretty small, but in the spring it's beautiful. But in winter, which continues right up until April, a jacket would definitely be advised in this cold climate.

SYRAPOL RIDHIRAPEST

I came to Stanstead five months ago. It was very new coming here, but it was still a very good experience. I didn't know anyone here when I came and now I have many good friends. I really thank "Tank" the best person that I've ever known." Cindy Crawford" my girlfriend, who always encouraged me to fight every obstacle. Final fantasy - with out this game "I'm dead". OK, now for real - Mr Telling, Mr Simard, Mr Denney, Miss Campbell, Mr Elliot, I couldn't have done it without you because you all taught me. Thank everyone. p.s. "I'll see you next year."

PATRICK ROWAN

I would like to start off by thanking my parents and little sister for making so many sacrifices, which allowed me to come to Stanstead. I would also like to take this opportunity to thank my grandparents, aunts, uncles, and cousins. All of whom I have mentioned above have had a significant impact on my life while I have been away for these four years. While on the topic of thanks, Mr. McNamara thanks for keeping me on track throughout these years. Felix Probst, room 312, what an experience. Probably my biggest supporter in the student body this year. For example at hockey games, thanks buddy. Mike and Matt, Ontario represents. Hey Felix what time is it? 11:00? October break, from 4 days to 10, pretty tricky eh Felix. Thanks to all the puck bunny's, you know who you are. Al's goat and Captain. Many good stories eh! Al, Tom, Felix, and J.S. want to go to the cottage? Oh no! Justin, thanks for an amazing season and especially at the provincials, we could not have done it without you.

PAUL SAWAYA

First of all, I would like to thank my parents who have given me the opportunity to come to Stanstead. By allowing that, I have lived the most wonderful and useful experience of my life. I'd also like to thank all of my teachers that have been very kind to me from the very beginning. During this past year, I have learned and discovered many things about life and myself that I wouldn't have discovered anywhere else. I've build up an exceptional relationship here at Stanstead with everyone around me which I will never forget. I'd just like to say that I'm going to miss every single one of my friends here with whom I have spent wonderful moments and unforgettable memories. Juli, Claudine, Megan, thanks for your support throughout the year. To my girlfriend Jess, I love you and you'll always stay in my heart; (how's my little smurf doing?). Jean-Nick, Frank, le Mexique c'etait l'un. The experience I have lived at Stanstead was one of a kind. It has made great changes in my life, which I am very thankful for.

CHENG HUNG (PETER) SHEN

Three years, it seems to be a long time, but I feel like I just arrived in this piece of beautiful land. It is as if everything is still new and fresh to me and every memory of life at Stanstead is still as clear as crystal. Although not all things I remember are sweet and happy, I believe it will be a pleasure recalling them. As a Bugbee senior it has been a pretty special year. I really have to thank Kane who provided a lot of drinks, food and his big lounge. Without him and his room it wouldn't be fun in Bugbee with just two seniors and four prefects. So, thanks a lot Kane! I really don't have much else to say because I'm going to stay for another school year. So, to those who are going to leave me at the end of the school year, enjoy the rest of your life and I wish all of you luck! Bye.

THOMAS SPIRK

Well, two years at Stanstead. I can't say it's been all that bad. I've made many good friends and have many unforgettable memories. Pat, oh no to my roomy. Thanks for a great year and a great friendship. To my Stanstead hommies Lio, David, Paul and Joony. Thanks for a great year. To my little women, thanks for all your help you're great friends and you helped me through this year. To my girls Juli and Meg, y'all are great. Thanks for the support. To all the crew VPC 4 LIFE Matt, Aubie, Lil.B., tre dog, you overcame the devil. Now its my turn. To my big bro, thanks for keeping me straight with all your support. Love ya. Mom, Dad and my loving aunts, thanks for all the support over the years. Mr. Ashworth, thanks for all the help over these last two years, I couldn't have done it without you. You've become a great role model and a great friend. To my main homie Matt, thanks for these great years of childhood memories or not. And to my friend Diane, I love ya lots. Thanks for your help over the past few years.

ERICA STUART

Over the past 5 years I have met so many amazing people and had so many great memories that it seems impossible to fit it all into this space. Mr. Elliot, thanks for being a great advisor. Lindi, you were the best friend anyone could go through "hell" with, and though we missed those live concerts we will always have "Cotton Candy". Pia, you are the greatest roomie a girl could ask for, thanks for everything, you're the best. Meg, I got to school before you! Luc, we haven't been arrested yet, but we'll have to keep trying! Jean, what can I say, we (you, Ariana, Sibyl and I) have been through so much over the years and you have always been there for me. I am unbelievably grateful, thank you for being the most amazing person I have ever known. Last, but not least, I want to thank my family: Mom, Dad, and Bree, thank you for giving me all I have. You guys are a never-ending source of inspiration. I love you.

Coming to Stanstead is one of the best decisions I have ever made. Everyone is so kind here and the academic programs are excellent. But, what brought me to Stanstead are the sports programs. I really love playing sports because when you are on a team you meet new friends and everyone has fun. I would like to thank my coach Mr. Van Dyke for two great seasons of soccer and basketball. You have taught me so much, thank you. I would also like to thank Miss Simard, one of my rugby coaches, for teaching me how to play rugby when I didn't know how to play at all, thank you. Last but not least, I would like to thank my advisor who is also one of my rugby coaches for teaching me so much about life. You were always there for me and you helped me all the way through. I couldn't have done it without you, thank you very much.

LOANA VON LONSKI

It's over already? The year has passed by so fast, and soon all there will be left will be great memories and loving friends. Thank you mom and dad, you made it possible for me to come here. I love you. Miss Mehalevic, you are the sexiest advisor ever, thanks for being always there for me. Seymour, I'll never forget my roomy. Our exercise, our camp-stories, I love you sweetie. Val, the craziest bathroommate a Loana could want: you tucked me in at night, and sprayed your forest-spray on top of me. Pia, what can I say, I'll miss you, already. I love you! And to Mr. Telling, Mrs. Wells and the TMHTC-crew, thanx for teaching me how to cry! Mr. Simard and Mr. Elliot, thank you for letting me be part of the football-team! Hey Justin, haha. And for the ones I forget to mention, there is no room here, but I love you guys, too.

TING YI (JUDY) WU

The difference with leaving Stanstead in grade 8 and leaving this year is that I won't be returning and I know that I'll miss everything twice as much. Claudine, (es-tu moulue ou fondue?), Emi (don't worry, you'll be my fat-sharer forever), Natsuko (you're the best roommate!), Melissa (you've got great taste!), Lucille (we finally survived Colby!), thanks for being there with me through the tears and laughter. Jess, Juli, he wasn't a soccer player! History class: What year will I defeat my cellulite? Kane, plastic or cardboard? Wanna join the Asian circle someday? Kensuke, do you eat your spaghetti plain or with sauce? Special thanks to Mr. Ashworth (I'll miss your brownies!), Mrs. Atkin (you've been a great coach), and Ms. Mihaljevic for always lending an ear. To my parents, thanks for all the love and support. And once again, to all of you guys from Stanstead, thank you. This book might end up covered with dust with its pages fading but my memories of you never will.

DAVID YOON

It was just my first year at Stanstead and I feel like I came here yesterday. Wow, the time flew so fast, but I had such a great time here. I had opportunities to try other stuff that I was not able to do at home. I got to know many people. So, um... I'd like to thank God for providing this lucky chance to me. I also thank my parents, who were always praying for me. I thank my dear teachers who supported me sharing their humungous knowledge. I also thank my friends who helped me when I was lost. I thank my dear roommate who was always ready to listen to me. Thank you all and, "May God be with you forever..."

STAFF LEAVING

Mr. Paul Duncan

Paul Duncan was born in Illinois City, Illinois where he received his early education. He went on to Arlintonville, Illinois where he attended Blackburn College and attained his B.A. While at Blackburn he met his wife Dorothy whom he married on Jan. 30, 1960 in Illinois. Paul's first teaching job was in Joliet, Illinois where he taught Social Studies in 1959 - 1960. During the summer of 1960 Paul and Dorothy pulled up stakes and moved to Sitka, Alaska where, in September 1960, Paul started teaching at Sheldon Jackson College - a school similar to ours. He started teaching History and Geography and ended by teaching French full time. While in Sitka Paul and Dorothy's first two children, Greg and Natalie were born. In 1963, with two young children in tow, Paul and Dorothy moved to Schenectady, New York where Paul taught French for one year. In 1964 it was time to hit the road again and back they went to Sitka, Alaska where Paul put in three more years at Sheldon Jackson College. It was at the end of this three year

period that Paul and Dorothy adopted a child, Bruce.

Paul and Dorothy, with their three children, then moved into the married student residence at the University of British Columbia in Vancouver and while there, adopted yet another child, Lynnea. While at UBC Paul studied for and received his M.A. degree in French while working as a teaching assistant in the French Department at the university.

Both Sitka and Vancouver were the places Paul enjoyed the most before coming to Stanstead. The students at Sheldon Jackson College were boarders from all over the state and the relationships which he and his family were able to establish will long be remembered. He loved the outdoor life, the camping, the hiking and the proximity to the sea, the mountains and the forests. In 1969 our then Headmaster, Raymond Lester, invited Mr. Duncan for an interview and offered him the position of Head of the Languages Department. This was pleasing for the Duncans on two counts. Firstly, they had studied French during two summer sessions, one at the Universite de Laval and another at McGill and they loved Quebec. Secondly, it allowed them to return to the private school milieu. So, in the summer of 1969, Paul, Dorothy and their four children headed east for Stanstead, Quebec and a whole new chapter in their lives.

Paul soon got involved in athletics. He took over the intramural program for his first year and then moved to cross-country skiing which he was in charge of until 1979. In those days this program was far more involved than it is today and had many more students participating. We raced against other schools and had many a championship team. For most years that Paul was in charge we sent a large group of students to the Canadian Marathon. During these years hiking and camping also filled Paul's life and it was while he was involved in outdoor ed that the school acquired a van, camping equipment and the Fitch Bay cabin. Paul spent many a weekend with students hiking and camping and generally having a good time away from school. Paul ran a club called "Contact francais" for many years and was involved in public speaking in the French language. In 1987 he joined me as an advisor for the SPECTRUM and has been a very valuable asset. The fact that he has put up with me for thirteen years is a feat in itself.

Paul started out as Language Department Head, a position he has held for all but one of his thirty-one years here. He was the University Advisor for three years and was responsible for the academic program in the Junior School that was in place from 1973 to 1977. He then became Senior Department Head followed by an appointment as Dean of Academics.

I asked Mr. Duncan what he enjoyed most about Stanstead College and I will quote his reply, because it depicts Mr. Duncan so well. "I have thoroughly enjoyed the close knit family style of life here and the friendships I have established with students and colleagues. I especially treasure the student contacts which have turned into friendships of many years standing and I get much enjoyment from hearing from them and from their visits with us. Of course, I absolutely love teaching French and the best part of the day is when I am in the classroom".

Mr. Duncan has provided us with an excellent French Language Program and stalwart leadership. He has developed a strong and consistent program for the teaching of French and Spanish which meets the needs of students from varying backgrounds and different experiences in the study of French. As the years have gone by the program has become many faceted and more and more complex but it can stand up to any scrutiny. He has had an excellent record of success.

Paul was one of the founders of the Stanstead College Association of Teachers and served as its President for several years.

Paul and Dorothy will not be going far as they will keep their beautiful home in Stanstead. I do know that they will spend several months of the year travelling. Dorothy has already made plans for a trip to Sweden where they both intend on studying the Swedish language. They also hope to spend a few months in Portugal to get away from our cold winters, and no doubt there will be many short trips to visit their children and their grandchildren. However, they will always return home - to Stanstead. Paul, thank you. We will miss you and Dorothy but you will be in our thoughts. Please come back and visit the school that you two have given so much of your lives to.

Peter Ashworth

Mme. ISABELLE PARADIS

Isabelle Paradis has been associated with Stanstead College in several capacities for the past sixteen years. She came here in 1984 as a grade seven student and undertook the task of learning English and beginning her studies, which she continued through university, in that language. After finishing grade eleven at Stanstead, she went to Brescia College of Western University where she finished her Bachelor of Arts degree. Having decided to become a teacher of French, she attended McGill University and completed her Diploma in Education and then taught French in Montreal for one year. During those years she visited Stanstead often, because her brother François was here. She took up the challenge of working for the Stanstead College Language Adventure for three summers as an Outdoor Leader and House Director. In 1997 she accepted a contract as a teacher of French and Spanish. We thought she was a natural candidate for the position, and she never hesitated. During these last three school years she has shown us her dedication to teaching, her sense of duty and commitment to her students. She has spent many hours preparing materials for her French and Spanish classes and one would often find her in the classroom in the evenings or during the weekend. At the same time she has been involved in coaching soccer and swimming. Being Assistant Director of Webster has occupied any other time she might have been able to find.

She has shown by her commitment to doing good work that her tenacity and precision, first portrayed when she arrived at Stanstead in grade seven, have always been key elements in her success. Her goals are well defined and she accomplishes them. Her involvement has allowed her to establish many strong and long-lasting relationships with students and colleagues.

For me, it has been an honour to have known and worked with her over these years. I was her teacher for three years, a co-worker in the Language Adventure and a professional colleague as a fellow teacher of French. She has told me that we always seem to be on the same wave length when it comes to methods and strategies of the teaching of language, especially French. She learned a great deal at Stanstead College, and we have all learned from her over the years.

We wish her much happiness in her upcoming marriage and her new teaching position in Toronto. Please keep in touch, Isabelle. Stanstead will miss you.

1492 Spanish explorer Hernando Cortés introduces horses from Spain into the New World, changing transportation and culture for Native Americans. Cortés carries out a harsh conquest of Montezuma and the Aztecs.

Thinking he has pioneered a westward route to the spice-rich East Indies, Christopher Columbus lands in the Bahamas. At the time of first European contact, about 90 million Native Americans live in North and South America.

1840 Stagecoaches offer public passenger service, and covering 15 miles a day is considered a good speed. The coaches travel in stages, changing horses at each stop. As a result, the stagecoach line is born.

1776 During the Revolutionary War, a submarine is used in battle for the first time. Built by American David Bushnell, the one-person vessel is powered by a hand-cranked propeller. Twentieth-century submarines are complex, nuclear-powered craft used for defense and scientific purposes.

1780 Birchbark canoes provide transportation for many Native Americans. The canoes are made with a light wood frame covered with pieces of bark sewn together and made watertight with melted pitch.

1780 The first practical wheelchairs provide new mobility for those unable to walk. Early models of wheelchairs have three wheels and hand cranks to propel the chair forward.

1783 France's Montgolfier brothers launch the first hot-air balloon. Filled with smoke, the silk balloon rises to 6,000 feet. Later that year, the first passengers go aloft—a rooster, a duck and a sheep.

1000 As the millennium begins, European peasant food is plain and often scarce. Feasting on meat is reserved for the wealthy. Table utensils include only a knife; most people just eat with their hands. Slabs of dense bread, called trenchers, serve as plates.

1650 Europe's first coffeehouse opens in England. By 1700, there are 2,000 coffeehouses in London alone. Early coffeehouses are important places to transact business. Lloyd's Coffeehouse evolves into Lloyd's of London, the giant insurance brokerage.

1521 Chocolate from the New World takes Europe by storm. Brought to Spain from Mexico, chocolate is so costly that Europeans water it down for use as a drink. Natives of Mexico have prized chocolate since ancient times.

1762 John Montagu, 4th Earl of Sandwich, instructs his servants to bring him his meat between two pieces of bread. This way he can eat with one hand while continuing to play cards with the other. The term "sandwich" is born.
